

March 2, 1984

LB 716, 910

definitions and terminology and eliminate obsolete language and provisions. There was some initial apprehension on the part of NPPD, but they met with the Department of Health to clarify the language and both parties are now in complete agreement and urge for the advancement of the bill. The intent of the bill was never in question, while the specific language only needed to be clarified. I assume now that the users of radioactive material, as well as the state regulatory agency, are in full support of LB 716. I would urge the advancement of this bill. Thank you.

PRESIDENT: Is there discussion of the advancement of LB 716? If not, all those in favor of advancing the bill from General File vote aye, opposed vote no. The motion is to advance LB 716 as explained by Senator McDonald. Please record your vote. Clerk will record.

ASSISTANT CLERK: 25 ayes, 0 nays on the motion to advance the bill.

PRESIDENT: The bill is advanced. LB 910.

CLERK: (Read title to LB 910.) The bill was read on January 9, referred to the Urban Affairs Committee, advanced to General File. There are Urban Affair Committee amendments pending.

PRESIDENT: Chair recognizes Senator Fenger, excuse me, Senator Newell for committee amendments.

SENATOR NEWELL: Mr. President, members of the Legislature. The amendments are very simple. Senator Withem originally asked for a higher authorization for spending without notice than the committee was willing to accept. We basically took the desired effect from the newspaper folks, and we set a compromise. I think the number is 5,000. It is a reasonable proposal. Everybody seems to be agreed to it. I'd urge the adoption of the committee amendments.

PRESIDENT: Is there discussion on the committee amendments to LB 910? If not, all those in favor of adopting the committee amendments vote aye, opposed vote no. Please
